March 12, 2020

Good afternoon,

This email is in response to calls from parents we have received regarding schools in the area closing or holding single session days. To clarify, during this time districts are doing what they need to prepare in the case of a mandated closing. I am proud to inform you that through our 1:1 Technology initiative and the diligence and dedication of our staff and administrative team, our preparedness comes without the need to close at this time. We are cognizant and empathetic of the hardships these closures have on working families. We are doing anything and everything we need to prevent them, so that in the case of an emergency you will have saved time and resources to utilize. It is also important to note that our custodial and grounds staff are working daily to wipe down surfaces multiple times a day and disinfect every night.

Our Preparedness Team comprised of: Business Administrator Christopher Jones, Principal Dana Sprague, Principal Nicole Dilkes, Principal Jill Castaldo, Director of Special Services Dawn Daura, Manager of Buildings & Grounds Charlie Smith, Technology Coordinator Tavaris Walton, and myself have been meeting regularly to stay abreast of the latest information and mandates, develop and update plans, and disseminate information. **This afternoon, you will be receiving a letter from your child's principal along with a Use of Technology Agreement to be signed and returned by tomorrow, Friday March 13th.**

We remain committed to providing a clean and calm learning environment for the children during this time of uncertainty.

As always, we will continue to communicate with you and provide any necessary updates.

Best,

A handwritten signature in black ink that reads "Tracey Marinelli".

Tracey Marinelli
