Dear Hornet Families,

As we move into the time of year when students are wearing coats, hats, and other cold-weather gear, we want to remind you that head lice tend to circulate more frequently during these months. At this time, we are aware of **two confirmed cases** in the district.

To help prevent any further spread, we ask that you please take a few moments to regularly check your child's hair and scalp at home. Early detection is key and helps us minimize classroom exposure.

Please also remind your children **not to share hats, coats, scarves, brushes, or any personal items** that come into contact with hair. These simple precautions go a long way in keeping everyone healthy and comfortable.

If you discover head lice or have any concerns, please contact the school nurse. We are here to support you and ensure that all students can continue learning in a safe and healthy environment.

Thank you for your cooperation and vigilance.

Best,

Tracey Marinelli
