Dear Parents,

As we are about to close another exceptional educational year at the Little Falls Schools, we are remembering the great educational programs that have occurred this year. We are also looking closely at our school lunch program records, and in this area we still have some work to do.

As of this date, 99 students have unpaid lunch charges. We are asking all parents of students with negative balances on their lunch accounts to bring the balance into the positive. The most convenient way to fund your student's lunch account and check their balance is on https://www.payschoolscentral.com . Payment may also be made by cash or check made payable to the Little Falls Board of Education.

If a student's lunch account is in arrears on the last day of school, the student's report card and 26/27 class assignment will not be released.

If a student's lunch account ends the school year with a positive balance, the ending balance will automatically roll into the 26/27 school year. If a current 8th grade student has a positive balance, the balance will transfer to a sibling for the 26/27 school year. If there is not a sibling to transfer the balance and your child is attending Passaic Valley High School, a check for the ending balance will be sent to PVHS to be placed on their account at the high school. If you are not attending Passaic Valley High School and do not have a sibling to transfer the money to, a check will be sent to the parent.

With your help, we can clear up the records and end the lunch program year on a positive note. If you have any questions about your student's status, please call the Business Office at 973-256-7371.

Thank you for your anticipated assistance.

Sincerely,

Melissa Sanzari-Stevens
